

Knife Divers SQR HRC 50 Titanium Non Magnetic

Brand: Ocean Design

Description

Knife Divers SQR HRC 50 Titanium Non-Magnetic

NSN: 4220 66 157 8181

The Titanium Diving Knife HRC50 is a high-performance, corrosion-resistant dive knife, designed for divers, rescue professionals, and tactical operations. Engineered for durability, precision, and safety, it features advanced self-draining technology and a secure locking system for quick and easy access.

Key Features:

Premium Titanium Construction (HRC50)

- 100% rust-proof, non-magnetic, and ultra-durable, ensuring long-lasting performance in any diving conditions.

SQR — Secure Quick Release System

- Equipped with the most effective dive knife locking mechanism, featuring a squeeze & release system for one-handed operation.

Silent Sheath Technology

- The nylon sheath with self-draining capability ensures quick, quiet deployment while preventing water buildup.

Neoprene Leg Harness

- Designed for comfort and flexibility, the harness automatically compensates for wetsuit compression, ensuring a secure fit at any depth.

Multi-Function Blade

- Full shank drop point blade for strength and versatility
- Serrated top edge for sawing through tough materials
- Line cutter for quick and easy rope cutting
- Sure hand curved grip for easy handling
- Blade Length: 125mm
- Overall Length: 260mm

The Titanium Diving Knife HRC50 is the ultimate underwater tool for those who demand reliability, strength, and cutting-edge performance in extreme conditions

Care and Storage Instructions

- After use, wash in fresh water and allow to dry in a well ventilated area out of direct sunlight
- Store in a well ventilated dry area away from direct sunlight
